IBOB SCS

SUPPLY CHAIN SOLUTIONS

Every link.
Moving forward.

An India-first approach to connecting people, processes and technology around your supply chain.

ONE CONNECTED OPERATING PARTNER

IBOB brings warehousing, transportation, freight forwarding, time-critical coordination and consulting together around practical business requirements. From a single facility to a wider network, our approach starts with understanding your product and the way it needs to move.

India at heart. Possibility ahead.

Built around your business.

OUR SOLUTIONS

Warehousing

Dedicated and shared models, e-commerce fulfillment, inventory, returns and value-added support.

Transportation

Primary, secondary and last-mile movement, load planning and partner coordination.

Freight forwarding

Air, ocean and multimodal movement with documentation and origin/destination coordination.

Time critical services

Requirement-led planning for urgent parts and priority movements.

Supply chain consulting

Network, facility, inventory and process improvement planning.

INDUSTRIES WE SERVE

E-commerce, fashion and retail • Grocery, FMCG, pharma and health tech • Automotive and engineering • Consumer durables and 3C • Chemicals, oil and lubricants

TECHNOLOGY WITH PURPOSE

Connect warehouse management, transport information, operational coordination, analytics and process-led automation around your workflow.

LET'S START A CONVERSATION

corporate@ibobscs.com

Tell us your locations, product profile, volumes and priorities. The team will assess scope and feasibility for your requirement.
